COST FOR GRADE 5th grade SCHOOL SUPPLY PACKAGE FROM SCHOOL TOOL BOX:

\$ 70.00

Mandatory binder package:

In order to reinforce the organizational skills and strategies that students are learning in Study Skills class, we have decided to migrate all of our systems into one cohesive binder for each teacher on the 5th and 6th team. By streamlining this process, the students will have one consistent place to organize, store, and retrieve their items. This system will also replicate systems being used in the middle and high school environments from our surrounding schools in Columbia. It is our belief that building these habits now will ensure a smoother transition for your child when they leave our school. Thank you for your support as we continue to find ways to better support our students' needs.

COST FOR GRADE 5th grade SCHOOL SUPPLY PACKAGE FROM THE SCHOOL OFFICE
